

Getting started

1. Connect the Kobo Aura One e-reader to the internet using WiFi
2. From the Home screen, tap the **...** icon in the upper-right corner.
3. Go to Settings > OverDrive.
4. Tap **Get started**.

5. Select **Create account** or **Sign in to OverDrive**.
6. Find your library on the **Find a public library** page. Tap your library's name to sign in.
7. Follow the prompts to create an OverDrive account, or you can sign in with your library card or an existing OverDrive account.
8. If prompted, select **Sign in** to add your library card to your account.

Searching for ebooks

1. Search for title or author using the search box at the top of your Kobo's Home screen or go to **Top Picks** and view the **Libraries on the Go** section
2. Once you have done a search, restrict your results to library e-books only by opening the **Show** menu and select **OverDrive**

Checking out and downloading

- From the search results list you can tap **Borrow** next to a title to check it out
- If you are viewing the details page of an e-book, tap the **...** icon and select either **Borrow with OverDrive** or **Place Hold with OverDrive**. You may be asked for your library card and PIN
- The e-book should automatically download to your Kobo if it is available

Managing your OverDrive e-books

- OverDrive ebooks checked out to you can be managed in your **Books** screen
Tap the book cover to open and read it.
Tap and hold to organize, remove or return it early to the library.
Tap **...** and select **List View** to see the expiry date for your library e-books
On the Home screen, tap **Sync** to download available e-book holds and books checked out by other means
- The **Request again** option (in the book actions menu) will let you borrow the eBook again immediately after its lending period expires or place you on the title's wait list.
- OverDrive ebooks can also be managed on the **Libraries on the Go website**. You can change your default lending period (7, 14 or 21 days)
- If you already have an Adobe ID you can use this to authorize your Kobo in **Settings > Accounts**.
